

INCOME DETAILS

Personal data provided on this form will be used in the Education Administration register for the administration of preschools, pedagogical childcare and out-of-school centres. The data will be processed in accordance with the stipulations in the Personal Data Act.

If a child's parents/guardians have joint custody and the child lives with both parents/guardians on an alternating basis, and if both parents/guardians require or are entitled to childcare in the same municipal area, they can apply for a split invoice. The split invoice form can be downloaded at www.vara.se or can be ordered by calling 0512-31254.

Instructions:

The rules state that details of two incomes must be given even if the person who is a partner/spouse of the parent/guardian is not the child's biological parent. If the parent/guardian with whom the child is officially registered is a single parent/guardian, only details of one income need to be given. The types of income used to set the fee that will be payable include: Income from employment before tax and deductions, sickness benefit and parental benefit before tax, unemployment benefit before tax, taxable education grants, activity payments, pension benefits, **taxable** care grants, taxable maintenance payments and maintenance support, and the taxable part of payment received for care of children in a foster home. Individuals who pay class F tax must provide the same income details they submitted to the Social Insurance Office. Checks are made on a regular basis against the information registered at the Swedish Tax Agency.
